

Expectations Minor & Adult Team Managements

The Below is a BLACKPRINT for the above team managements and it is the expectation that this will be fully adhered to going forward.

- **Contact to be made and a focus to engage with all players available to relevant age group to get as many back playing football with the club- be that minor, Intermediate or Junior footballers.**
- **Full Buy in to S&C- Ensuring all players are tested, doing group sessions and individual programs to ensure all players are engaged. Expectations is that management be represented at all S&C sessions and not leave it to S&C coach.**
- **Full buy in to dietary guidelines and bringing in a dietician to speak to teams, pushing this in all your engagement with the team.**
- **Preference for game time to be given to players that are committed, training and fit to play.**
- **At minor grade engage with players of all abilities, ensure game time for all, when possible, in competitive games and by arranging challenge games regularly to develop those not getting as much time in competitive games.**
- **Ensure that training is organised, mentor's coaches are early, and all sessions are planned with a meaning, some learning points, and takeaways for all players. Session should be fully laid out (Cones Bibs etc) before any players arrive to training**

- **Keep statistics from games and do video analysis to aid coaching and player development.**

- **Ensure set up for all championship games is professional with kit and dressing room organised and is the same for each game- Jerseys ready, water available, bibs on and standard pre-game warm up bedded in.**

- **Instil a style of play into our Minor and Adult teams that always displays the following traits as non negotiables.**
 1. **Work Rate-** Relentless in pursuit of winning possession and having a never say die attitude.
 2. **Time Keeping-** Always on time never late- *If you are 5 mins early you are 10 mins late!*
 3. **Team Before Self-** No player is bigger than the group, the team always comes first.
 4. **Standards-** Everything that we do is done to the highest of standards and we never take shortcuts.
 5. **Culture-** No Egos, be a club person, support club events, fundraisers, juvenile teams with coaching, be an energy giver not an energy taker.
